1. [REDACTED] Comment. [REDACTED] is reported for the first time. Black Sea and Baltic probably is a Soviet shipping company. Schoenefeld airfield is the principal civilian airfield in East Germany. The official telephone book for the Leipzig General Post Direction indicates that the address of the Verband deutscher Konsumgenossenschaften is correct. It is not identified where the Soviet Construction Headquarters, which possibly is the Kvartrno eksploatatsionnyy batalion (KEB) is located. The Central Distribution Office probably is the Central Supply Office of the USIG. The engineering department of the Soviet Ministry probably is the engineering office of the Wismut AG at 240 Hafer Strasse Sie
